# Media & entertainment sector set for good show with 10.75% CAGR in 2020-25

PwC expects cinemas to bounce back, reach pre-pandemic levels by 2023

**MEENAKSHI VERMA AMBIVANI**  
New Delhi, July 12

India will continue to be the fastest-growing media and entertainment market in the world and is expected to grow at a Compound Annual Growth Rate (CAGR) of 10.75 per cent in 2020-25 to touch the \$55.4 billion-mark (₹4,12,656 crore) compared to the global average CAGR of 5 per cent, according to the latest report by PwC. New age segments like internet advertising, OTT, gaming, digital music and podcast, among others, will witness double-digit growth during this period, the report added.

Rajib Basu, Partner & Leader-Entertainment & Media, PwC India, said, "Despite the pandemic, the Indian entertainment and media sector has shown remarkable resilience.

Our outlook shows that the demand for great, localised content, increased internet penetration and the creation of new business models will drive the industry's growth for the next five years."

**Growth rate**  
TV advertising will continue to be one of the largest revenue-contributing segments and is expected to grow at 7.6 per cent CAGR and get to ₹50,586 crore levels by 2025.

However, with India being the fastest-growing internet advertising market, the segment is expected to grow at a CAGR of 18.8 per cent to touch ₹30,471 crore by 2025 backed by increased penetration of smartphones and adoption of digital platforms. Mobile internet advertising segment alone will

grow at 25.4 per cent CAGR. Cinemas, which saw box office revenues plunging by 75 per cent year-on-year in 2020 to ₹2,652 crore due to Covid-induced restrictions, are expected to bounce back. According to the PwC report, it is expected to grow at a CAGR of 39.3 per cent, grossing ₹13,857 crore by 2025-end.

"The cinema segment will bounce back in 2021 with 123 per cent growth. It will be back to pre-Covid levels by mid of 2023 in India. While about 1,500

single-screen cinemas are expected to shut down this year, we expect these to be compensated by the addition of multiplex screens," Basu added.

India is expected to become the third-largest OTT market in Asia-Pacific after China and Japan by 2025, growing at 17.5 per cent CAGR. The subscription video-on-demand segment alone is expected to grow at 18.3 per cent CAGR from 2020 to 2025, growing to \$2.7 billion.

While the growth of the newspaper and consumer magazine segment is expected to decline globally over the next five years, in India the segment is expected to grow at 1.82 per cent upto 2025.

"The gaming market in India continues to enjoy exceptional growth. Video games and e-sports revenue reached ₹11,250 crore in 2020 and is set to expand to ₹24,213 crore in 2025, at 16.5 per cent CAGR," the report added.

# 'Well-prepared to deal with rise in Covid claims'

Edelweiss Tokio Life Insurance CEO is optimistic about growth prospects

**SURABHI**

Mumbai, July 12

The number of Covid related claims for life insurers in the second wave of the pandemic is likely to be three to four times of the first wave, believes Sumit Rai, Managing Director and CEO, Edelweiss Tokio Life Insurance.

"Claims have increased significantly but typically they come with a lag," Rai said, adding that most life insurers had anticipated it and are prepared for it.

"I don't expect the impact to be very adverse and don't think it will set the industry back very significantly," he said in an interaction with BusinessLine. The impact of

the higher claims will be visible on aspects like term pricing, he added.

Edelweiss Tokio settled 487 Covid related claims amounting to ₹45.82 crore in 2020-21. In the first quarter of this fiscal, it has settled 153 such claims of ₹16.39 crore.

**RBI report**

According to the Reserve Bank of India's Financial Stability Report, July 2021, the life insurance industry received 22,205 claims worth ₹1,644.56 crore during 2020-21 where death was due to Covid and related complications, which amounted to 0.3 per cent of total premium in-

Sumit Rai, MD & CEO, Edelweiss Tokio Life Insurance

come of the year. "The pandemic did not have a significant impact on death claim settlement rates," it noted.

However, there is concern among analysts that the spike in claims in the second wave could put pressure on the bottomline of insurers in the quarter ended June 30, 2021.

Kotak Life Insurance had said it expects to incur a loss of up to ₹275 crore in the

quarter ended June 30, 2021 due to increased Covid claims. Rai is, however, optimistic about the prospects of the life insurance sector and expects the industry will grow by 12 per cent to 15 per cent in the next few years. "This pandemic has given a fillip to life insurance. On a long term basis, industry will continue to do well," he said.

Edelweiss Tokio expects to grow at a higher rate than the industry. "Our goal is to grow better than the industry at between 15 per cent to 20 per cent over the next two to three years," he said, adding that the focus will be to be multi-channel. The insurer plans to launch a new term product as well as a guaranteed return product this fiscal.

# Filed additional information with CCI against food aggregators: NRAI

**OUR BUREAU**

New Delhi, July 12

The National Restaurant Association of India (NRAI), on Monday, said it has filed additional information with the Competition Commission of India (CCI) against Zomato and Swiggy alleging that the two food aggregators are charging exorbitant commissions and delaying payments.

The industry body had first approached CCI on July 1 against "the anti-competitive practices" of the two food aggregators.

On Monday, the industry body filed "additional information with evidence" with CCI claiming that the aggregators are charging commissions to the tune of 25-35 per cent of the order value in 2020-21. It has also alleged that there have been numerous instances of delay in payments by Zomato and Swiggy which has affected the entire cash flow of restaurant partners.

## 'Delay in payments'

"Zomato and Swiggy are forcing restaurant partners to give discounts on their platforms to maintain good visibility on the platform. They have shifted the entire cost burden on the restaurants," NRAI said, in its latest statement. It has also alleged that these factors have led to extremely stressful conditions for restaurants.

The industry body has also said that there have been instances where restaurants have been delisted by the platforms since they offered some better rates to consumers on other channels.

"NRAI believes that the evidence furnished before the Hon'ble CCI will further evidence the unfair business practices of Zomato & Swiggy and the authority will investigate the conduct of these aggregators," the statement added.

# Cashaa to open an account in India

Move to help cryptocurrency investors tide over banking problems

**SURABHI**

Mumbai, July 12

Cryptocurrency bank Cashaa is set to launch operations in India from August, which is expected to help investors and exchanges tide over the current banking problems that they are facing.

"We will be coming to India next month. We will be launching personal bank accounts so that personal traders can do peer-to-peer trading. Cryptocurrency traders will be able to transact without fear of their bank accounts being frozen," said Kumar Gaurav, CEO and Founder, Cashaa.

Apart from personal bank accounts, Cashaa will also offer

Cashaa plans to acquire five million customers

debit cards and loans against cryptocurrencies as well as loans for buying cryptocurrencies, Gaurav added. Operations will start in New Delhi, Gujarat and Rajasthan with plans to expand to Maharashtra, Uttar Pradesh and West Bengal gradually.

Gaurav said that it is in discussions with domestic cryptocurrency exchanges and has plans to acquire five million customers. Cashaa is working in association with the United Multistate Credit

Cooperative Society. It is currently banking on its beta platform over 200 crypto businesses, including Nexo, Huobi, CoinDCX and Unocoin. It has opened three branches and plans to open more. Cashaa is also working on a franchise model to expand to 100 branches. Gaurav said all KYC norms will be followed.

**Banking services**

Cryptocurrency investors continue to face challenges in banking transactions with almost all major banks not permitting such transactions.

Banks continue to be wary of such transactions and say there is no clear regulation for them to follow. Many exchanges are looking at various solutions to help customers. Players say what is needed are the services of a major bank that can cater to a large scale of transactions and volumes.
